IN DISEASES OF THE

AND NASAL CATARRII the benefit he has occasioned the afflicted is simply marvellous. He has also met with extraordinary success in DISEASES OF THE URINARY ORGANS, affections of the Kidneys and Bladder, and in SCROFULA. He has made a special study of that disease so common among our youth, NERVOUS DEBILITY, which, whether produced by loss of vitality, too close application to business or to over-indulgence, is terrible in its effects and requires immediate attention, or the worst possible results may ensue. DE. FISHBLATT is called upon to treat thousands of this class of cases annually, and he is glid to be able to state that his treatment has been uniformly successful and that he has been able to rescue hundreds upon hundreds from a living grave.

DR. FISHBLATT

Will be at the DUFOUR HOUSE, Gallipolis, Ohio, on Monday, March 22d, and remain Two Days, where those who are suffering from any form of Chronic Diseases should call on him. | March 18, 1880.
